

## Aerospace Medicine Rounds

### The Top Three Ocular Issues in Aircrew

**Tuesday, November 5, 2024**  
12:00 – 1:00 p.m. (ET)

**Dr. Patricia Hinton**

**MD, FRCSC (Ophthalmology)**

#### Learning Objectives:

By the end of these rounds, participants will be able to:

1. To describe three common ocular problems seen in aircrew: lattice and retinal tears, central serous chorioretinopathy, keratoconus, and their aviation impact.
2. To review the ophthalmological treatment of these conditions and decisions about grounding.
3. To discuss returning to flight after being successfully treated.

#### Zoom Details:

<https://utoronto.zoom.us/j/89397218613>

Meeting ID: 893 9721 8613 Passcode: 942914

A post-rounds evaluation survey will be circulated shortly after this date.

Please email [aerospace.med@utoronto.ca](mailto:aerospace.med@utoronto.ca) to be added to the Aerospace Medicine Rounds and/or the Occupational Medicine Rounds Mailing Lists.

The Fall Schedule for Aerospace Rounds is being developed, and will be posted soon at <https://deptmedicine.utoronto.ca/rounds>

**ROYAL COLLEGE**  
OF PHYSICIANS AND SURGEONS OF CANADA  
**COLLÈGE ROYAL**  
DES MÉDECINS ET CHIRURGIENS DU CANADA

*The 'Aerospace Medicine Rounds' is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the RCPSC. **To be eligible for Section 1 MOC credits, participation in the event must be formally recorded. For tracking purposes, participants attending must ensure their Zoom display/login name includes first and last name.***

*If unable to attend, it is possible to claim RCPSC Section 2 credits at 0.5 credits per activity for watching the recorded video. All recordings of prior Aerospace Medicine & Occupational Medicine Rounds are posted here: <https://deptmedicine.utoronto.ca/rounds>*

#### **Save the Date:**

The next Aerospace Medicine Rounds will be taking place on **Tuesday December 10, 2024, with Dr. Shamus Allen** presenting "Cockpit Discomfort: A Fighter Pilot's Perspective on Things that Make the Cockpit Uncomfortable"
